**MISTI TRACY : COLOR MADE EASY** before purchasing it in order to gage whether or not it would be worth my time, and all praised COLOR MADE EASY:

Color Made Easy: Instant Color Palettes makes choosing colors for crafting and scrapbooking easier than ever before! Misti Tracy teaches the crafter to match colors to the mood of their project, rather than the usual lessons about complementary hues and the color wheel. 'Color' takes the guesswork out of color coordinating with 525 color combination in unique color palettes. Tracy's palettes have names such as Nostalgic, Bold and Powerful and Groovy 60's. 'Color' contains over 100 creative kick-starts for fast and easy color design and journaling ideas. Also, there are over 250 project themes for perfect color combinations and 100 full color examples to spark creativity. This title is ideal for crafting, home decorating and fashion; a must-have for anyone who works with color. An index of themes is

included to help crafters match their themes to palettes. Also included is the 180 color "Color Buddy"--a quick reference guide to Tracy's color palettes. It fits easily into a purse or craft bag for trips to the craft stores or where matching is a must. 'Color Made Easy' makes choosing colors fast, easy and fun!
