I was born in 1972, and this book covers my childhood beautifully! I love that the book isn't just one long story. It is actually dozens of 1-6 page 'articles' that cover everything from the Spalding basketball ads on the backs of comics in the mid-70s to in-depth reviews of the big-name creators of the time. Tons of full color pictures throughout!Warning: I was a Marvel kid (still am) and this book seems to be VERY heavy on Marvel. If you were a DC kid, you likely won't appreciate this book nearly as much.0 of 0 people found the following review helpful. Not great, but goodBy J. McClinseyNot great, but good. What can I say, with Alex Ross putting his name on it I just had really high expectation. Lots of great info, but thin pages and small type, could have been condensed and been a much fun read.0 of 0 people found the following review helpful. This Book Is About The

Bronze Age But Is Pure GoldBy thirdtwinThe author's passion for graphic art really comes through in the text here. Lots of fun if you're into bronze age work or if you're doing research on that time period or funny books in general.

GEORGE KHOURY (author of *The Extraordinary Works of Alan Moore* and *Kimota: The Miracleman Companion*) presents a "love letter" to his personal golden age of comics, 1976-1986, covering all the things that made those comics great-the top artists, the coolest stories, and even the best ads! Inside this full-color softcover are new articles, interviews, and images about the people, places, characters, titles, moments, and good times that inspired and thrilled us in the Bronze Age: Neal Adams, John Romita, George Prez, Marv Wolfman, Alan Moore, Denny O'Neil, Jim Starlin, Jos Luis Garca-Lpez, The Hernandez Brothers, The Buscema Brothers, Stan Lee, Jack Davis, Jack Kirby, Kevin Eastman, Chris Claremont, Gerry Conway, Frank Miller-and that's just for starters. It covers the phenoms that delighted Baby Boomers, Generation X, and beyond: Uncanny X-Men, New Teen Titans, Teenage Mutant Ninja Turtles, Love and Rockets, Crisis On Infinite Earths, Superman vs. Spider-Man, Archie Comics, Harvey Comics, Kiss, Star Wars, Rom, Hostess Cake ads, Grit(!), and other milestones! So take a trip back in time to re-experience those epic stories, and feel the heat of Comic Book Fever once again! With cover art and introduction by Alex Ross.
