Fun, creative ideas, nicely written in a good format. The photography is excellent. If you like mid-century or kitsch, you'll love this. If you enjoy decorating for the holidays, you'll love this. Every detail down to the font and expression is Serena Thompson, and what we've all come to expect from her and the Farm Chicks 'label.' I loved the useable gift tags and labels included--a refreshing change from the more typical link to a site for downloadable clipart. You're sure to find either a new idea, or a twist on something you already do, making this a fun, pleasureable read. If you have vintage decor in particular, this will give you loads of great ideas. Picking this up each year will surely put you in the Christmas spirit. I'm looking forward to getting it out with my other books next year and revisiting...but I'm hoping for another one next year! 0 of 0 people found the following review helpful. Beautifully done! By carolinem I absolutely adore this book by Serena Thompson! Beautifully done! 1 of 1 people found the following review helpful. SO Cozy! By Maria (WV) I love Christmas' books but I can be picky. This one was recommended by Dawn @ Webster Pages. Since I love pretty much everything she loves I went to check it out. As soon as I saw the cover I knew it was for me. When it was delivered I sat down with

some coffee and a blanket. The book was just as cozy and my rocking chair! It shows some awesome ideas I would have never thought of and it's all something I can do (without an interior design degree). It also gives some ideas on stuff you would never expect to make into decorations. Stuff that's still very affordable at your local Goodwill or flea market. It's just filled with inspiration, the love of the season and cozy/warm goodness!

For Farm Chick Serena Thompson, Christmas means a house overflowing with ornaments, lights, and cherished treasures, and the aroma of baking cookies to welcome family and friends. Here, she shows us how to spread the magic of the season, with ideas for entertaining, decorating, tree trimming, charming crafts, and 17 recipes for yummy holiday sweets-plus tips for wrapping food and gifts. As in *The Farm Chicks in the Kitchen*, Serena weaves delightful stories of her family and friends throughout the book, calling forth nostalgic smiles that remind us of the importance of tradition at this special time of year.

About the Author The Farm Chicks got its beginning when Serena Thompson and her friend Teri Edwards held a yard sale to get rid of some of the "junk" they both love to collect. From that simple beginning Thompson parlayed her love of vintage stuff, handmade crafts, cooking, and family into a brand that celebrates the simple and stylish. Serena now runs The Farm Chicks Antique Show, a large and successful annual antiques fair in Spokane, WA; maintains a website and blog where she shares Farm Chick Style, a line of jewelry, clothing, and stationery items; and is a contributing editor to *Country Living* magazine.
