Reiko Mochinaga Brandon : Country Textiles of Japan: The Art of Tsutsugaki before purchasing it in order to gage whether or not it would be worth my time, and all praised Country Textiles of Japan: The Art of Tsutsugaki:

7 of 7 people found the following review helpful. Authoritative and accurate source bookBy DocThis is a wonderful reference for Japanese country textiles detailing the TSUTSUGAKI method, design motifs, indigo and cotton in historic country Japan. There are numerous pictures of this textile art detailing their age, origin, construction, and design. You can see beautiful pictures of authentic pieces, mostly in black and white, but there are 8 full page photos, of futonji, yogi, banners, noren, and furoshiki. This is a "must have" for the collector or person interested in indigo cotton Japanese textiles for the working class person in country Japan. If this book was all in color, it would be an easy 5 stars.

History, methodology and motifs of this important resist technique popular throughout Japan, Kimonos, headpieces, ceremonial banners; their function, techniques, fabrics. Distributed by Woodstocker Books.
