**Jack Hill : Country Woodworker: How to Make Rustic Furniture, Utensils, and Decorations** before purchasing it in order to gage whether or not it would be worth my time, and all praised Country Woodworker: How to Make Rustic Furniture, Utensils, and Decorations:

2 of 2 people found the following review helpful. Country Woodworker By Rhode Island Ray Another excellent book if you like to make different kinds of traditional objects out of wood. As a amature woodworker, bowl and spoon carver I will be making my own examples of wooden items shown in this book. It is well illustrated with plenty of photographs...! Just an outstanding book!!! 0 of 1 people found the following review helpful. Four Stars By MarsaltI bought it for a present 26 of 27 people found the following review helpful. Great source of antique country furniture

ideasBy ISNC28080This book has an excellent assortment of photographs of antique country furniture. The pictures are very colorful and clear. They are great resource for those interested in recreating antiques. The projects were not that detail oriented. I would recommend this book for the ideas it presents through pictures.

Now in paperback, this immensely popular and stylish how-to book provides practical information and design advice for artists, craftspeople, and woodworkers of all levels of experience. Step-by-step instructions for eighteen projects detail how the work can be carried out using simple tools and mainly traditional methods. Handsome color photographs illustrate and identify a wide range of rustic furniture and artifacts. There is also a brief history about each piece and a handy tools and techniques resource section. With *Country Woodworker*, anyone can add beauty and charm to his or her home.

About the AuthorJack Hill is a craftsman, teacher, and author who specializes in traditional woodworking. He writes a monthly column and contributes regular articles to the magazine *Practical Woodworking*. James Merrell is one of the top interior photographers in Britain, and is internationally known for his work in magazines such as *House and Garden*, *House Beautiful*, and *Elle*.
