We love learning about things in other parts of the world. And we host exchange students almost every year to help that along. This book was a wonderful addition for us this year. We have supply lists I order and my oldest, especially, is excited to begin creating, around the world. We love how for each country there are links to find more information online but there are also really fun, very simple too, crafts that we can do together. What fun! All the materials for the most part,

were common craft items we already had so there was not a big cost to making any of these. And every day we have a new thing to learn and do. Croatia, Madagascar, Lebanon, Sweden, Mexico, Germany....So many different parts of the world we learn about; their customs and a prayer we can say for each one. Isn't that even better ? We love international everything; my oldest son hopes to be a missionary one day himself; God willing. This is such an awesome way to encourage a love for those we do not know or see, who of course, are also our Brothers and Sisters in the Lord. 0 of 0 people found the following review helpful. Another way to keep Christ in Christmas and to remember others!By Jennifer MatheszI love anything that helps me keep Christ at the center of Christmas and this is another wonderful tool to help teach my son the very same thing! The book spans 25 days with each day featuring a new country. Each section has some Christmas facts about the country, a festive greeting, prayer, country paper ornament (to print or copy), and a craft. The crafts are cute and each reflect a tradition of the country. I can't wait to start this with my son. We'll learn about other countries, remember to think and pray for others, and have lots of fun crafting. I only hope that next year Beth Gordon, author, will release a new version with additional countries and/or new crafts.

Celebrate Christmas in a meaningful way as a family as you craft and pray around the world. You will take a closer look at 24 countries around the world - how they celebrate Christmas, make an ornament craft representing the Christmas traditions, and then spend time praying for 3 specific things for that country. Appropriate for families with children of all ages. Supply list, step-by-step craft directions, and cut out ornaments with country information and prayer requests to hang on your tree included. Note: For a more budget friendly edition you can purchase an e-copy from: <http://www.123homeschool4me.com/p/our-products.html>
