Not only does it have extensive listings for craft markets, it also has how-to articles written by folks in the crafting biz. I actually bought this AND the 2015 edition. Many of the listings are the same, but the articles at the beginning are chocked full of useful info. I'll probably get updated editions every couple of years. It pays to stay current!2 of 2 people found the following review helpful. The list of shows around the country was very useful for meBy Aisha C. FormanskiThis book was everything I was expecting and more! The list of shows around the country was very useful for me. I would highly recommend this book to anyone who is interested in seller their handmade goods.1 of 1 people found the following review helpful. Not what I expected from the titleBy Deborah

T. Not exactly what I was looking for... Though did have some useful advice, it's really not a how to book. More of a everywhere you can go and find help book.
