Some Great Decorating IdeasBy Jeff MoriartyGreat book for finding decorating ideas for your wedding. Was looking at this for my wife for our wedding. Had a great selection of pictures and helped us with choosing the flowers we wanted to go with on our wedding day. If you are getting married its a great book to have.2 of 2 people found the following review helpful. Fit for a 60-year-old bride.By Angela ArdinThis book was quite dissappointing. It was extremely old fashioned. Most of the bouquet techniques used in this book were discontinued by professional florists. And out of the 125 pages only 4 are dedicated to hand-tied bouquets. Everything else is basically foam bouquet holders.Also, the flowers used are what was considered hip in the 70's. Lots of roses and carnations, lots and LOTS of baby's breath and fillers. The flower glossary of "popular wedding flowers" doesn't even include calla

lilies or hydrangeas. On the upside, it does contain detailed instructions.
