Cute ideas for kid decorBy AprilI bought this book for the quilt patterns, but was pleasantly surprised to find lots of ideas for decorations for kids' rooms. I especially like the author's ideas for wall art. For example, one of the projects suggests combining inexpensive art supplies and fabric to make adorable turtle plaques to hang on your child's wall. I adapted her clear instructions to make name plaques for each of my sons' rooms (in about four hours total) and am very happy with the result. Not only that, I spent less than \$10 on supplies for each boy's plaque.0 of 0 people found the following review helpful. Five StarsBy kingcolaGreat quilts for babies.

Welcome and nurture those precious little ones by creating quilts, crafts, and decor for nurseries and toddler rooms. Designer Debbie Mumm helps you release your inner child and cuddle up the kids with more than 50 fun projects. Themes include Moon Stars, Zigzag Zoo, Silly Safari, and lots more. For little girls, there are sweet bed quilts, a headboard, and bedside lamps in sugar and spice themes like butterflies, hearts, and flowers. Because growing boys gravitate towards snips and snails, cars and trucks, frogs and boats, you can fill his room with a clever organizer, playful twin bed quilt, and a painted toy chest in bright primary colors. And since time moves fast when children are young, these projects are designed to be quick and easy!
