**Dana Brooks : Cut Carve Candles: Beautiful Candles to Dip, Carve, Twist Curl** before purchasing it in order to gage whether or not it would be worth my time, and all praised Cut Carve Candles: Beautiful Candles to Dip, Carve, Twist Curl:

0 of 0 people found the following review helpful. New to the trade.By Antoinette James-SebroI did not known much about candle carving, this book helped me a lot. It thought me about the tools I needed and material required each taking me through the steps to completion. Only disappointment, I wished there was more being thought about more advanced skills but will have to look for another book.0 of 0 people found the following review helpful. Beautiful, Detailed bookBy Miguel A. BonillaThis book is gorgeous! The pictures were fantastic and the details were written very well. I can't say weather you can actually create these beautiful candles based on the instructions, but it seems very likely!2 of 2 people found the following review helpful. Cutcarve candles beautiful candles to Dip,carve and Twist curlBy Raquel n.Love the book. Has tons of beautiful pictures and explanations on how to do this. The instructions are simple to follow and it gives you pictures of the materials needed. very good book .I recommend it.

From tapers with simple twisted ribbons of wax to an elaborate candle shaped like a lighthouse, these 20 cut-and-carve projects have a beautiful look all their own. Yet they're simple to make: just dip a molded base candle into layers and layers of colored wax, then carve, twist, and curl patterns into the surface. Explore the many possibilities by learning all the basic cuts, from scrolls and bows to loops, and then combining them to create an infinite number of wonderful effects.
