Jane Eayre Fryer : Mary Frances Sewing Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Mary Frances Sewing Book:

22 of 23 people found the following review helpful. 16" Doll Pattern Not IncludedBy BelleJust purchased this book to

give as a Christmas present for my Mom. During the summer and after school, Mom looks after two of my neices that are 5 and 8 years old. The book is softcovered, consisting of 280 pages and the illustrations within are fully black and white. I like this book as the patterns are full sized and "reads" extremely well for a child, with directions clearly written. I rate this book 4 stars because the 16" doll pattern IS NOT included as a project with the book. Major bummer! The 16" companion doll pattern named "Mary Marie" Making Memories (designed by Ellen Thompson) must be purchased separately. I've recently located such pattern and it was hard to come by. (The Mary Marie doll is also sold as a porcelain reproduction and she is beautiful.) Truly, I believe this book makes an excellent tool to create beautiful home spun gifts and memories when used by a loving adult (Mother/Nana) and child. What a wonderful way to learn to sew! 0 of 0 people found the following review helpful. Small reproduction. No patterns. By Kerry M While the original inspired and engaging content remains, the smaller paperback format detracts considerably from the charm and usefulness of the book. Most importantly there were no patterns included which makes it not only incomplete but terribly disappointing and frustrating as well! 0 of 0 people found the following review helpful. Buy hardcover not paperback. By Groovy Karma I was excited to buy this book. Expecting it to be like the hardcover; and with patterns included. I was so disappointed when I received it to find it was a small paperback and there were no patterns. I expected it to be identical to the hardcover.

A charming instruction book in sewing techniques with patterns for clothes for a 16-inch doll, this book was originally for children. Adult doll collectors are now using this as a wonderful reference for sewing for dolls such as Schoenhuts, bisques, compositions, and others from the early years of this century. 100+ illustrations. 280 pages.
