By Muffeeeeeeee For this year's book, it's important to realize just how much was directly reprinted from Holiday 2010 and Holiday 2011. I wish that had been clearly explained in the description. However, there is a different version of this year's book that's available *only* in stores--the cover is green

with different images--which excludes much of the "repeats" for those of us who've been enjoying Matthew's books for years and are not very interested in owning multiple books that have the same projects and ideas in them. (Some stories have still been repeated, as with the Nielson candy party article from 2010.)Matthew Mead's books are always a joy to read and, to me, simply are "good eye candy" as well as inspiring.If you're 100% new to Holiday with Matthew Mead, this is a great book of inspiration. As a compendium, it's super. If you've bought the past two issues (2010 and 2011), then you may prefer to seek out the "shelf version" of Holiday.0 of 0 people found the following review helpful. Five StarsBy Erycha MedeirosI love Matthew Mead's Style.1 of 1 people found the following review helpful. One StarBy Janie Parksnot as expected

Book by Mead, Matthew
