Bud Banis PhD : Me and My Shadows Shadow Puppet Fun for Kids of All Ages: Enhanced with Practical Paper Pastimes before purchasing it in order to gage whether or not it would be worth my time, and all praised Me and My Shadows Shadow Puppet Fun for Kids of All Ages: Enhanced with Practical Paper Pastimes:

0 of 0 people found the following review helpful. It was okay.By dzThis book was very basic. The pictures were clear and it easy to duplicate and make shadow puppets. This book could be improved if the author could think of a way to creatively show how to make shadow puppets. I was expecting more. This book was average.

Remember that drum set you bought your nephew for Christmas a few years ago? Your brother does. Aside from being expensive, amusements like drum sets and pianos are hard to carry around with you and take many hours of

painful practice to learn. In Me and My Shadows there is a gift that is easy to learn, educational, physically beneficial, and always "right at hand" to provide amusement. It is fueled by your imagination. Buy this book. Give it to your nephew for his birthday. Buy several. Don't neglect your niece. Your relatives will be pleased and excited by this gift that will give endless pleasure and amusement to children of all ages. Where else could you find something this good? It's even a perfect gift to give to yourself! Think of the hours of enjoyment you can have by developing a few simple skills and having the portfolio of characters in this book at your command! Me and My Shadows is now even better with practical paper pastimes to amuse, entertain, and impress timeless simple treasures for children to remember fondly and share in turn with their grandchildren. Imagine visiting friends and being an immediate hit with either hand shadow characters or simple practical paper pastimes. Great for scouts, babysitters, or just bonding on rainy afternoons. Be an expert in amusement! Me and My Shadows is much better than a drum set and, for many, will bring back memories of a simpler time when entertainment was in your own hands.

About the Author Retired Teaching Professor at the University of Missouri. His publication record includes technical and popular works in computer programming, biological sciences, Poetry, technical medical topics, Operations Research and children's books.
