Connie Sheerin, Janet Pensero, Barbara Mauriello, Kathy Murillo : Memory Keepsakes: 43 Projects for Creating and Saving Cherished Memories with Other before purchasing it in order to gage whether or not it would be worth my time, and all praised Memory Keepsakes: 43 Projects for Creating and Saving Cherished Memories with Other:

3 of 3 people found the following review helpful. Fantastic artistic craft bookBy yardenThis book is packed full of fantastic and fresh projects designed to incorporate your memories into pieces of useful and/or decorative art. While the projects are fantastic, I don't think all of them are for beginners. They are, however, extremely inspiring and beautifully made.The book is very heavy on box-making (duplicate info in Barbara Mauriello's book "Making Memory Boxes"), but has many other diverse ideas for making neat keepsakes. This isn't your typical memory/scrapbooking book -- not only is it full of new ideas, but it is heavy on the artistic, which makes it a welcome crafty read.9 of 10 people found the following review helpful. What a scam! Don't waste your money!By Carrie

BethEvery stinking project is copied word for word from her Treasures Forever book - but it doesn't acknowledge being merely excerpts, just as Memory Keepsakes doesn't acknowledge blindly copying all the projects. is selling this garbage for \$22, and it is merely a partial copy. What a scam! (I don't mean ; I mean the author and publisher, since it is very dishonest and unethical to sell them as separate books without acknowledging that everything in Treasures Forever is repeated word for word and picture for picture in Memory Keepsakes

It's easy to transform family treasures into wonderful, memory-filled gifts and home accessories. More than 30 projects show splendid ideas for turning ordinary objects -- children's artwork, grandmothers' buttons, family photographs, and antique linens -- into contemporary keepsakes. This guide also teaches collectors and crafters how to build 13 special boxes to store favored mementos, such as cherished postcards, letters, jewelry, photographs, and more. Over 250 photographs and illustrations are included.
