Ruble I'm an avid adult coloring book enthusiast (not an artist but I do enjoy the relaxing benefits of coloring with colored pencils). I love all things mystical, such as mermaids, fairies, etc so I had to get this book. The illustrations are just gorgeous! They are detailed but not too intricate to color. (more than just a mermaid, the interesting backgrounds make it more fun to shade and make it your own) I am very happy with my purchase. I've enclosed a pic I've done from the book already. Two thumbs up for this one! 1 of 1 people found the following review helpful. The drawings are beautiful. Love mermaids and faces and eyes By Tammy The drawings are beautiful. Love mermaids and faces and eyes. Single sided paper and good quality. Very happy with my purchase. I wasn't giving anything free or cheaper for my review. This is my honest opinion. 1 of 1 people found the following

review helpful. Wonderful coloring bookBy melWonderful coloring book. Love her illustrations. Like that its single sided so I can frame the pic if I want.

20 unique beautifully hand drawn mermaid illustrations, including 6 detailed close up designs of beautiful mermaid faces. Coloring book is designed for experienced colorists and beginners as well. Printed single sided each coloring page is on a separate sheet. Recommended for coloring with colored pencils, fine-tip markers, pens and /or crayons.
