Metal Clay Color explores adding color to metal clay jewelry in novel ways. Twenty top designers are working with all kinds of metal clay, various forms of silver, bronze, and copper, and adding different elements to add color to the

projects. The 25 projects in this book include color with polymer clay, colored ceramics, patinas, resin, gemstones, seed beads, enamel, and more. All techniques are presented with step-by-step instructions and photographs. These well recognized contributors bring an eye-candy appeal to metal!
