Lisa Vollrath : Metal Mania: One Girls Fascination With All Things Shiny before purchasing it in order to gage whether or not it would be worth my time, and all praised Metal Mania: One Girls Fascination With All Things Shiny:

Metal Mania explores a variety of techniques for mixed-media artist. You'll learn about soldering, gold leaf, how to work with tins and tin cans, using bake ware, pop tabs, metal tape and metal flashing. Includes lots of step-by-step instructions and finished examples of metals in mixed-media projects.

About the Author Lisa Vollrath is a prolific mixed-media artist, writer and designer. Her work covers a multitude of techniques, from altered books and collage, to textile art and costume design. She teaches classes and designs products for Ten Two Studios, the company she started in 2005.
