Beth Cote : Mini-Ephemera Clip Art CD: Over 400 Small Images for Collage, Altered Art, Journals, Newsletters, Mini Boos, Cards and Much More before purchasing it in order to gauge whether or not it would be worth my time, and all praised Mini-Ephemera Clip Art CD: Over 400 Small Images for Collage, Altered Art, Journals, Newsletters, Mini Boos, Cards and Much More:

7 of 7 people found the following review helpful. great VINTAGE images By destination6000 this book contains 450 something VINTAGE images. in order to resize these images to use for projects you will need a photo program and

some scrap paper. i had read in a product description it states that includes images already sized down to use for such projects as bottle caps i found out other wise. when i printed the images which were suppose to be already sized properly for bottle caps they were to big. i had to resize them to fit properly myself. depending on what you are looking for it can be a great book for some projects. what i was looking for and going according to the actual product description i wasnt pleased with it. I am sure down the road i can find use for maybe some of the images. alot of the black and white images were of self potraits models such as a woman smiling or a man and woman posing together. there are some colored images some of which i recognized as covers of coloring books from way back in time, post cards and then of items such as a package of buttons, movie ticket, postage stamps and so forth. take a look at the cover which truely gives you a better ideal of each item listed in the book as an individual picture. again depending on the project this can be a resource to get VINTAGE IMAGES.1 of 1 people found the following review helpful. One StarBy LuisIm very disappointed the CD was missing which is one of the reasons I bought the book.0 of 0 people found the following review helpful. Love itBy S. MeunierThis is probably my favorite supply of mini ephemera for collage art
