By Maria Rowe
I've stitched several needlepoint kits from Janet Granger so I was familiar with her work before ordering this book. That is why I was delighted to find this book and order it. I like the variety of her designs and clear directions. Although I have not yet had time to stitch anything from this collection, there are several I know I will use in miniature projects in the future and maybe a few others as well. The book is a good addition to my collection of miniature how-to books.
3 of 4 people found the following review helpful. Dollhouse Miniature Goldmine!
By Neen
This little book is easy to use and the

designs are accurate and lovely! Ms. Granger sells some of the designs as kits at her website and they're expensive! 0 of 1 people found the following review helpful. I like this book a lot By Daniel Scott I like this book a lot. There r so many beautiful designs. The only problem is there is no lines on the pics. It makes work harder. I have to draw the line myself. But anyway. I like it

Do you covet unusual miniature rugs to give your dolls' house the perfect finishing touch? Using these basic techniques, stitch 25 carpets from a traditional Bokhara to Art Deco style.
