Susan McBaine : Miniature Needlepoint Rugs for Dollhouses: Charted for Easy Use (Dover Needlework Series) before purchasing it in order to gage whether or not it would be worth my time, and all praised Miniature Needlepoint Rugs for Dollhouses: Charted for Easy Use (Dover Needlework Series):

4 of 4 people found the following review helpful. Probably not for beginning to charted needlepointBy Susan WilliamsI received this today and was very pleased with the content. I've been doing needlepoint since I was a child, so following these charted designs won't be a problem, and imagining what the colors will look like is something I don't need to do, since the colors and size are more important to my projects.This would NOT be a book for a beginner in needlepoint. In fact, I can see where this would be frustrating to a beginner. I'll have a good time with this book, however, and am looking forward to make a few of the designs.0 of 0 people found the following review helpful.

Great starter book for beginners. By William Slackman Nice variety of patterns, but some are a little hard to follow in black white. Some of the color symbols are too similar and that makes it hard to read, but overall a lot of fun patterns. 0 of 0 people found the following review helpful. Can't print a chart from the book. By Customer This book has some very nice rugs for doll houses. My only complaint is that I can't print a chart from the book. I don't like stitching from a chart on the screen since I find that annoying. I usually print a chart and pin sections of it to my work fabric. Can't pin a tablet to my fabric.

Why buy miniature rugs when you can make your own? Enhance the miniature furniture in your dollhouse collection with your own miniature needlepoint rugs. This book contains 37 rug designs charted for easy use on #18 and other sizes of needlepoint canvas. The designs are miniature adaptations of many different types of rugs, including Oriental, Persian, Early American, American Indian, modern, animal skin, and more. Color charts are given for each design.
