Glinda Bowman : Miniature Perfume Bottles (Schiffer Book for Collectors (Paperback)) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Miniature Perfume Bottles (Schiffer Book for Collectors (Paperback)):

1 of 1 people found the following review helpful. Little Perfume Bottles Are Big Fun By Kiral love Perfume Bottles! And when I find the little ones, it's a fabulous day! I love this book, so many beautiful miniature perfume bottles, organized so well. I have a wonderful collection and this just inspires me to continue working to make it larger. I knew there were many bottles out there, but WOW! The beauty and sophistication is amazing! I look at this book constantly, among my others. It is photographed so well and the descriptions are wonderful. This is a great book for the beginner or the expert. It is a perfect size to take along when you travel. I highly recommend it. I hope the author comes out with another one! 0 of 0 people found the following review helpful. Price Guide is a Disappointment By annette

benjaminListing of many perfumes but the Price List leaves a lot to be desired . For example none of Avon's vintage perfumes are priced at all. Rather disappointing for a reference book.1 of 1 people found the following review helpful. Good but not enoughBy GreenlydiaThe book was comprehensive.....as far as it went, which was not very far. What WAS there was good, but my collection has over 500 miniatures and 99% of them were not represented. For an absolute beginner, I'd recommend this book highly, for those who have been collecting for years, it really doesn't have much to offer.

Perfectly detailed miniature perfume bottles have always fascinated collectors. This book, packed with full-color pictures, is the first to document these miniatures. From the demure and delicate antique bottles of the last century, dramatic and striking Art Deco bottles of the 1920s, and graceful bottles of the World War II era, to today's variety, Glinda Bowman's book covers the range. The top makers are well-represented, including Lalique, Guerlain, Coty and Lenthéric, with a special section of the popular bottle produced by Avon. Bowman has also compiled a fascinating history of perfume.

About the AuthorGlinda Bowman is a collector and dealer from Wheeling, West Virginia.
