1 of 1 people found the following review helpful. Excited to try these outBy Rachael ThompsonAll of these recipes are

so simple! Many only include the actual Epsom salt and a lot are just Epsom salt and water or Epsom salt and one additional ingredient (like conditioner or dish soap). The simplicity makes me much more likely to actually try them out as I will not have to go buy things I do not keep around the house. The one I am nervous but also excited to try is the hangover cure. Apparently all you do is mix a little salt with water and drink it, in addition to lots of water without salt. Never thought to ingest Epsom salt before, but next time I wake up with a wine headache I will give it a whirl. 1 of 1 people found the following review helpful. This thing works. Take a leap of faith and try it. By Janet I love Epsom salts and this book has opened a new way to enjoy them. It soothes and relaxes your muscles with topical use. It does not strip your skin as other cleansers and it is dirt cheap. This book contains many useful recipes use of Epsom salts for home
