Mister Sam, the artist and author of this book is a co-host of the show. The book is beautiful! I bought several copies for some friends and coworkers, but my children have stolen them for themselves and THEIR friends. Each picture is fantastically drawn and fun to color. Many "adult" coloring books are tedious, with thousands of small bits of nothing to color. This book has pictures of various wicked and historic yuletide characters that are enjoyable to your own personal touches to. You can't beat the price! A great Christmas or "anytime" present for everyone! Buy one for yourself, too! You'll just end up doing it later, anyway.3 of

Made me feel like a kid again!!

The happiest time of the year is also the creepiest. Winter has an even darker and richer lore than Halloween. For centuries, people have feared creatures from ancient legends born of this time of year. Tales such as giant hairy monsters who live in the mountains and will snatch you up and eat you were used to ensure children didn't wander off in the snow and become lost. These were indeed just stories or were they? This festive feast of fear contains 40 original hand-drawn and inked illustrations from a variety of traditional beliefs and legends from around the world, including British, North American, Nordic, Icelandic, Austrian, and Germanic folklore. Mister Sam Shearons Creepy Christmas features characters such as Krampus, Grla, Santa Claws, Rabid Rudolph, the Grimace Tree, the Wendigo, the Snow Bear, the Yule Cat, the Abominable Snowman, and many more. Ready for you to bring to colorful life with fearsome festive cheer, each page is also accompanied with a poema guide to these creepy creatures from the season of ice and snow! www.CreepyChristmasColoringBook.com
