The piecing techniques are presented in a way that make you ask "Why didn't I think of that?" Anyone with a modicum of quilting experience would be able to use her technique. I am not a creative designer but this book gives me hope. :) 7 of 7 people found the following review helpful. Beautiful designs for the imprecise among us By Eloisa Minor Beautiful designs, and it is freeing to be able to cut without following specific measurements. However, that doesn't mean the quilts are any faster to make than those

cut with very specific measurements. There are so many nice patterns in this book that it is hard to know where to start. Also, some of them use scraps, which is always a good thing! 5 of 5 people found the following review helpful. Fresh Techniques for Quilting By Diane DeLore Love this book! This is a different slant on cutting shapes for blocks. The quiltmakers have you cut a rougher shape, not a pinpoint exact shape. All of the quilts are beautiful, but the Tree Quilt on the cover sold me. It's a gorgeous feast for the eyes. If you're going to buy one new quilt book this year, this is it. You won't be disappointed!

Discover how to sew fresh and functional modern quilts using innovative free-cutting techniques. Award-winning German quilt artist Bernadette Mayr reveals her methods for capturing first impressions of nature in fabric, as she shows how to make contemporary quilts inspired by the world around us. The author spots interesting geometric patterns everywhere in the natural world, and crafts them into gorgeously graphic motifs. Bernadette interprets her artistic vision with fun, freeform shapes and lines. Cut without ruler or stencil, her organic-looking patches deliberately show unexpected irregularities in size and shape, in keeping with her theme of authentic nature. Modern Nature-Inspired Quilts offers 15 lavishly illustrated tutorials that thoroughly explain the author's methods, plus 26 imaginative projects for making quilts, wall hangings, cushions, and even a kids backpack. Whether you are an experienced quilter or just a beginner, you'll love these carefree designs for youthful, modern quilts.

About the Author Quilt artist Bernadette Mayr is known for her intricate stitching detail, free cutting techniques, and bold colors. She is the author of four previous quilting books: Flower Patchwork, Houses Patchwork, Garden Patchwork, and Water Patchwork. She is the former editor of Patchwork Germany.
