Thomas Nelson : Mom's Scrapbook of Memories: Treasures of Love, Faith, and Tradition before purchasing it in order to gage whether or not it would be worth my time, and all praised Mom's Scrapbook of Memories: Treasures of Love, Faith, and Tradition:

2 of 3 people found the following review helpful. Poor Descirptions...By AngelSandersI was terribly devastated with the book. Nowhere did I see any thing about this book being written in. I did read that this book was used, but not written in. I was so upset to find other than what was expected when I opened the package. I am furious and devastatingly dissapointed.

These beautiful hardcover journals look like real scrapbooks and allow scrapbookers to add their own photos and written memories of the love, fun and faith they experience with friends and family. Now anyone can create beautiful scrapbook memories for the ones they love without significant time and money investment usually associated with this creative hobby.
