Kerry Arquette, Andrea Zocchi : Mother Goose's Guide to Scrapbooking Your Baby: Creating Fabulous Projects Pages with Classic Drawings Cherished Rhymes before purchasing it in order to gage whether or not it would be worth my time, and all praised Mother Goose's Guide to Scrapbooking Your Baby: Creating Fabulous Projects Pages with Classic Drawings Cherished Rhymes:

1 of 1 people found the following review helpful. This book is the most adorable idea I've seen in scrapbooking probably everBy Ann B. SutterThis book is the most adorable idea I've seen in scrapbooking probably ever. Drawing from vintage children's books, the author creates one of a kind page ideas and even offers cut-outs to use in your own books. Only problem with the book is that the cut-outs appear on both sides of a page, so you'd have to Xerox or choose your favorites.3 of 3 people found the following review helpful. Great Book!By Sally DeeThis is the most unique book on scrapbooking your baby photos ever. Its full of beautiful scrapbook pages and terrific techniques for making scrapbook pages of your baby. The book also has scanable (is that a word?) illustrations to use to create your

own Mother Goose theme scrapbook. Terrific concept, terrific book!

What could please a mother more than this utterly unique collection, which gathers together Blanche Fisher Wrights classic illustrations, the timeless and beloved rhymes, and charmingly designed scrapbook art? These appealing layouts come from some of the nations best crafters, and theyre unlike any scrapbook pages youve seen before. Delight in the history behind the traditional rhymes, and enjoy making craft projects that incorporate original Mother Goose imagesincluding blocks, trinket boxes, hair ribbon holders, candlesticks, frames, and cards. This will surely win the hearts of scrapbooking mothers, and make the perfect gift for moms-to-be.
