Elinor Peace Bailey : Mother Plays With Dolls ... and Finds an Important Key to Unlocking Creativity before purchasing it in order to gage whether or not it would be worth my time, and all praised Mother Plays With Dolls ... and Finds an Important Key to Unlocking Creativity:

2 of 2 people found the following review helpful. Mother Plays With Dolls- and Finds an Important Key to Unlocking CreativityBy QuiltLadyCoThis is a very essential book to have if you are a fan of Elinor Peace Bailey as it includes

poems for the dolls and her background information as well as the doll patterns and pictures. Whether you have attended one of her seminars or classes, or just love her style, this book will become a must have for your doll making collection. She is a Very entertaining lady. 1 of 1 people found the following review helpful. elinor peace bailey does it again! By Missouri Mom I love elinor peace bailey's patterns! This is a wonderful book about creativity and doll making. It was fascinating to see how differently a group of doll artists interpreted one basic doll pattern. And when you are finished, you can create your own doll using her pattern on the last page. 0 of 0 people found the following review helpful. Mother Plays With Dolls and Finds an Important Key to Unlocking Creativity By Dianne A. Sahakian This book by Elinor Peace Bailey is great and tells of how she got her start in the dollmaking business, she also makes patterns for them too. She explains how she always loved dolls and also tells everyone to go for what they want to do and do it for yourself and not what others think. She explains how she started on the dollmaking journey and has made a successful venture, also how she enjoys making them. I highly recommend this book.

One of the most inventive figures in today's fiber arts, Bailey has developed a way for virtually anyone to break through to his or her innermost self. By using a basic doll pattern and playing with its size, shape, hair, and attire, amateurs and pros alike will produce endlessly imaginative creations.
