0 of 0 people found the following review helpful. A Must HaveBy JennaIf you are ever thinking of making your own miniature furniture this is a must have book. It not only gives tips on how to finish your projects but also gives you MANY projects to chose from. This is a great book for beginners who don't have expensive tools to work with and wish to work with hand tools. From this book a beginner can move up from here to power tools once they are comfortable.0 of 0 people found the following review helpful. Four StarsBy Cindy P.Well done explanations, but not really what I was after.0 of 0 people found the following review helpful. Five StarsBy VevieInteresting instructional

The most comprehensive pattern and instruction book on crafting high-quality miniature projects.
