Nick Robinson : My First Origami Book -- Christmas: With 24 Sheets of Origami Paper! (Dover Origami Papercraft) before purchasing it in order to gauge whether or not it would be worth my time, and all praised My First Origami Book -- Christmas: With 24 Sheets of Origami Paper! (Dover Origami Papercraft):

0 of 0 people found the following review helpful. They love them. Many other books that are titled "easy" ...By jenI got this for my boys who are 6 and 8. They love them. Many other books that are titled "easy" "simple" or "beginner" are not actually very easy. This one is just right. Some are these are still a bit hard for them, but they are easy enough that they can do it if I help just a little. They also like all the different color choices in the paper at the back of the book. We have another book that came with only four colors, but this has a whole range of colors to choose from. This is great for kids or beginners. The reason I only gave 4 stars instead of 5 is that it's a bit repetitive. There are 18 designs, but they repeat themselves. 2 of those are crowns, 2 of them are trees, one of them is just a base for a tree, and four of them are random geometrical designs that could be used as ornaments if you want. I think they could have found other Christmas themed ideas instead of all those variations of the same things.

Aspiring paperfolders of all ages can discover the delights of origami with this fabulous holiday collection. Eighteen easy models include a fir tree, candle, crown, Santa's boot, gift box, and other Yuletide projects. Along with clear instructions and helpful diagrams, 24 pages of colorful origami paper provide everything beginners need to get started!
