For a shower, this makes a nice gift to tie on top of a larger, special gift, like a stroller. Many of the pages are Geddes usual great pics, and she has pages for most of life's important moments, though the layout is only so-so. (Mine arrived looking as if it had fallen into a bath. Some pictures were stuck together - most were perma-wrinkled. Too late to give, so I cut out salvagable individual cuties and stuck them around one of the game boards, on the menu card, and a few other places. Even tho' it was the first time I had ever cut up a book, everyone loved them.)

This is great when you only want to add the basic info for the first 2 years. Very cute!

The pictures in this memory book are adorable. I'll admit, I still haven't finished filling it out, but it was the best one I've found.
