It was the hit of her quilting club.0 of 0 people found the following review helpful. Very Beautiful!By Mommy of 2This is one of the cutest quilt patterns I have ever come across! It is ADORABLE!! The flower designs are beautiful and you can easily change it up to create your own design. However, the pattern is pretty much perfect

and I wouldn't change it.0 of 0 people found the following review helpful. Five StarsBy P BorjasLoved this applique book and will continue to work on each block to make a quilt.

Instruction booklet full-size patterns. Bring cheery flowers and cute, chirping birds indoors with Piece O' Cakes newest applique blocks. Mix and match up to twenty blocks to create unlimited quilt variations.

This was such a fun read and project. From beginning to end, this book is full of step-by-step instructions, colorful how-to photos, and helpful hints and tips that will be appreciated by both the novice and the experienced applique quilter. The patterns are darling and leave the reader anxious to get to the design wall. The blocks can be put together or used separately. And if there are others out there like me, who need inspiration, there are lots of ideas for different projects using the assorted patterns. My Whimsical Quilt Garden is a great find and a terrific addition to any quilter's library! (Count it *all* JOY!!, April 6, 2010)About the AuthorBecky Goldsmith and Linda Jenkins first met at the Green Country Quilters Guild in Tulsa, Oklahoma, where they both held up their hands and volunteered for jobs at their very first guild meetings. Their friendship grew as they worked together on many guild projects and through a shared love for quilting, and for applique in particular. They started Piece O' Cake Designs in 1994, as they were each moving away from Tulsa. Becky and her husband headed for Sherman, Texas, with their two sons. Linda and her husband, Paul, moved first to Pagosa Springs, Colorado, back to Tulsa in 2001, and finally to Grand Junction, Colorado, in 2008. Linda owned and managed a beauty salon before she started quilting. Over the years she developed a fine eye for color as a hair colorist and makeup artist. Becky took a liberal sprinkling of art classes while completing her interior design degree. They think that their varied backgrounds have combined well, making the quilts they design distinctive. Becky and Linda initially self-published their patterns and books but are now very happy members of the CT Publishing family.
