Martha Stone : Natural Liquid Soap Making... Made Simple: 25 Easy Soap Making Recipes You Can Try At Home! before purchasing it in order to gage whether or not it would be worth my time, and all praised Natural Liquid Soap Making... Made Simple: 25 Easy Soap Making Recipes You Can Try At Home!:

1 of 1 people found the following review helpful. I'm guessing there's a better one out there. By TeeKay This had several recipes for soap making, but I felt like the author was "talking down" to me. Some of the instructions were overly repetitive, and then other times they were unclear. For example: "1 bar of soap" - does that mean any soap you buy off a shelf? How is that going to be free of additives, etc., as the book keeps mentioning? Is a small bar of soap equal to a family size bar of soap? In another recipe, they said you use the "basic" soap recipe, but then they don't mention one of the ingredients from the basic recipe, so you don't know if you're supposed to make the basic recipe and then add all this other stuff, or if they forgot an ingredient, or what. Overall, I wasn't that impressed, since you can get the same recipes (with fewer errors) by googling it for free. 0 of 0 people found the following review helpful. Really is a melt and pour soap, not a ... By Ligia Cubillo Really is a melt and pour soap, not a book with recipes for from scratch liquid soap. A little disappointed. 4 of 4 people found the following review helpful. solid soap plus water By Crinnaj This is not a book on how to make soap from scratch, rather it is just grating solid soap and mixing with water. Only as natural as the soap you buy...or hopefully make from scratch.

People are used to buying their soaps from the market. This is because they don't know how to make their own at home. If they knew how to make soap at home, they could avoid being exposed to the harmful preservatives and other ingredients in commercial soaps, shampoos, detergents and body washes. This Book guides you on how to make different types of liquid soaps. From shampoos to hand soaps, there are 25 recipes here you can follow and learn to make your own soaps. No longer do you have to spend money on buying soaps or put yourself in harm's way by using chemical-laden products. The recipes mentioned here will show you that making liquid soap at home is not as difficult as you might think.
