I've not only purchased this book, but I also bought all of her pdf instant coloring books on Etsy under "colorbyculture". The fashions are quite good, but again, what I truly enjoy coloring are Diana's original realistic portrait illustrations of young women with different ethnicities. These are the best coloring books for skin, hair eyes that I've seen (I've purchased a lot coloring books....:))!!! You truly won't be disappointed with the purchase of this book and/or any of Diana Murray's work!!!! I0 of 0 people found the following review helpful.
