From Future Publishing : "Needlecraft" Magazine's: Complete Introduction to Knitted Toys before purchasing it in order to gage whether or not it would be worth my time, and all praised "Needlecraft" Magazine's: Complete Introduction to Knitted Toys:

5 of 5 people found the following review helpful. Complete Introduction to Knitted ToysBy rose7aThis is a wonderful book to knit toys. Patterns are easy to understand and knit for the just learning knitter to the intermediate knitter. If the beginning knitter is a child even more fun to knit toys. Book has 30 projects- snake, frog, humpty dumpty, elephant, mouse, duck, the cutest penguin, puppets and toys for babies, are just a sample of what is in this book. Perfect book to use up your scrap yarn and make a happy child with a knit toy.
