**Kim Cool, Iona Dettelbach : Needlepoint from Start to Finish: The Complete Guide for Right and Left Handed Stiches** before purchasing it in order to gage whether or not it would be worth my time, and all praised Needlepoint from Start to Finish: The Complete Guide for Right and Left Handed Stiches:

1 of 1 people found the following review helpful. Great graphicsBy Fran HThis book has some of the best stitch diagrams around. Large clear illustrations with numbered stitching guide. Excellent for everyone and especially useful for southpaws.9 of 9 people found the following review helpful. Nice Beginner's BookBy A CustomerThis book gives you a great overview, from threads, needles, how to frame canvas to the different stitches used on canvas. The stitch diagrams for left and right handed people are very large and very clear. There is a variety of attractive patterns and a great glossary of canvas products. All in all its a great starter's book for people who want to try out needlepoint.
