This book is a good resource. There are copy pages and ideas that cover basic Christian stories and concepts.This is appropriate for young ages, I'd say four and younger. I think with children older than that this would be too basic.Enjoy0 of 0 people found the following review helpful. Three StarsBy Marilyn DaughertyWasn't exactly what I expected.1 of 1 people found the following review helpful. reasonableBy Kindle CustomerAfter reading reviews I thought this would be an ideal reference and utility. I wasn't as impressed with content. It is still a good book, but I was hoping for a greater number of ideas and breadth of coverage.

Children will enjoy creating the easy-to-make crafts found in these books. Each craft project reinforces a Bible story and enriches a child through role play and visual representation of a story or message. Great crafts for gift giving! 64 pp.
