Although many of them are adaptable to the classroom, the book is clearly written for parents, with a different emphasis than a teacher would want.0 of 1 people found the following review helpful. Great bookBy Julia ibarraThis book is awesome! It's filled with a lot of great ideas for kids! Penny Warner pretty amazing herself.. I'm lucky enough to have her as a teacher and she's just as funny and awesome in person as she is in all her books.
