Cecelia Louie : Pretty Quilled Cards: 25+ Creative Designs for Greetings Celebrations before purchasing it in order to gage whether or not it would be worth my time, and all praised Pretty Quilled Cards: 25+ Creative Designs for Greetings Celebrations:

4 of 4 people found the following review helpful. Designs are simplistic By Customer These patterns are very simplistic in appearance, yet the instructions are complex. I am a skilled quiller and this is way below what I typically create. Had I been able to see inside the book, I would never have ordered it. 0 of 0 people found the following review helpful. Awesome! By 45 dodge I have looked through the book and the patterns are beautiful 0 of 0 people found the following review helpful. where i could have removed the pages id like to work By Darci A Garciathis book is very helpful. after

looking at it i wish it would have came in "note book" style. where i could have removed the pages id like to work with

From a thank-you note to a cheery holiday message, here's a quilled card for every occasion! It's easy: just lay your paper strips on top of the full-size illustrations accompanying each project, and mark the length and folds as indicated. Plus, this pretty collection contains printed backgrounds to photocopy and use. Make greeting cards, gift tags, cupcake toppers, and more.

An excellent example of how to do a book for beginners well. If you (or someone you know) wants to learn quilling, this book will give you a solid foundation in the basics, plus a group of projects you'll have no problem replicating. This is also clearly a book written by someone who's spent a lot of time at this craft, and has evolved lots of excellent tricks for getting crisp, consistent results. A really high-value book, and a great learning tool. Craftypod
