It should read that it has very tiny tiny numbers. I was looking for something easier for my mother to do. A shame I couldn't even do these. 1 of 1 people found the following review helpful. Great busy book for anyone. By Whitman's ghost Purchased this for my seven-year-old to keep her busy on a 10-hour drive. Success! She loves it, and didn't want to put it down. As an animal lover, she is delighted with all the sweet dog pictures. The book is challenging enough to keep her occupied but not frustrated or

bored. I'm sure we'll be getting a similar book soon. 2 of 2 people found the following review helpful. Three Stars By E  
F These are actually too easy for the kids I bought them for. They like more challenging ones with backgrounds.
