There are NO color pages inside and it looks like it has been photo copied and stapled together!2 of 2 people found the following review helpful. Just right for me.By Sharyl GlenisterI needed a simple easy book to instruct me on making a log cabin quilt for my son.This book is perfect. Eleanor Burns is one of my favorite teachers when it comesto learning how to quilt ! Her visual aids are great, and instructions easily understood.Yardage charts are great as well! The only thing I wish were in this book was color.It is a black and white on the inside. Only color is on the front and back cover of the book.To have colored examples would be great. Yet for what I needed this for, is just right for me.0 of 0 people found the following review helpful. greatBy MootieI bought this book to teach my young granddaughter to quit...It is so very easy to follow Eleanor's directions to the patterns...and in the end you get a wonderful, warm quilt to cuddle in...
