Nancy Zieman : Quilt With Confidence before purchasing it in order to gage whether or not it would be worth my time, and all praised Quilt With Confidence:

3 of 3 people found the following review helpful. Best book for Beginners, great patterns and ideasBy AlyxNancy is a wonderful teacher for anyone who sews...first timer or old pro. I am seasoned at sewing garments but I had never quilted before. Nancy has always been my "go-to" gal when I want to learn a new sewing skill because her instructions are so thorough and easy to follow. I looked at several different books before I finally decided to purchase this book to learn to quilt. I am so glad I settled on this one. Nancy never lets me down. This book provides excellent step by step instructions, covers all areas of quilting, and has delightful design ideas that are easy to adjust to your own tastes. My

first quilt was an absolute success.0 of 0 people found the following review helpful. Good BookBy twinkiltoesLots of great tips! I'm a new quilter and really liked it.9 of 9 people found the following review helpful. Nancy's AdviceBy Garden FanaticWhen starting out in quilting, I found this book to be straightforward and not too complicated. It gave enough information to get going without overwhelming me with details that I would eventually learn later. The greatest value to me was Nancy's recommendations for specific products like the Big Foot quilting foot and the Flip and Set. It made shopping for equipment much easier and I have been very happy with the items she recommended.

The inspiring and encouraging tone of this book will make you feel like you've been quilting your entire life! From the nation's favorite sewing teacher comes tips and step-by-step instruction for getting started quilting, from selecting tools, to rotary cutting techniques and edge-jointed seaming, you get it all!

About the AuthorNancy Zieman is the executive producer and host of Sewing With Nancy, the longest-running sewing and quilting program on television in the USA. She has authored more than 30 books.
