Turn an ordinary quilt into something spectacular by exploring border options with this book. Sometimes all a simple quilt needs is a different border to make it special. These nine quilted projects show just a few ways to accomplish a stunning finish, providing you with ideas you can incorporate into other projects. You are only as limited as your imaginaton.

Aug/Sept 2014 Turn an ordinary quilt into something spectacular when you explore border options. Nine projects

show you ways to accomplish a stunning finish and give you ideas for future projects. At the beginning of the book there is information on proportion and calculations for creating extraordinary borders. All projects are very bright and colourful, with clear instructions and detailed diagrams. There is a large pull out sheet of templates including one for a flower appliqued quilt top. Whatever the main design of your quilt, literally think outside of that box and continue into the borders; the finished result will look totally amazing and never again will you use plain borders.
