It's an older book with notes written in the margins which I find to be fun and interesting. Someone else got a lot of information out of these pages and I plan to do the same. Sometimes it's good to have a brand new book but other times an old, used book makes for a more personal and fun experience. Very happy with this purchase.2 of 2 people found the following review helpful. Great resourceBy Mom and daughterConcrete, specific information about weaving rag rugs - including sett, rag preparation, design, The most valuable book I've found about rag rug weaving.0 of 0 people found the following review helpful. Very usableBy Kimberley McManusYes! I needed this- came in very usable condition.

This classic book has everything a weaver needs to know about weaving rag rugs, from basic information to drafts for 20 traditional two- and four-shaft patterns. Topics include materials, rag preparation, weaving and finishing hints, design, and information on antique looms, suppliers and a glossary.
