I love the projects and the permission to experiment.0 of 0 people found the following review helpful. love itBy Mary Schultzwel worth the wait ... can't wait to get started on some projects I had planned others inspired by the book5 of 5 people found the following review helpful. JUJU VAIL'S RAG RUGSBy KAREN M. MANASCOIf you are intimidated by the seemingly tedious rug work of others, I encourage you to gander this one! You'll soon see it is an art of the creative mind. If you can imagine it, you can hook, prod or poke a gorgeous rug as well.I truly enjoyed this

book for many reasons, mainly for the gorgeous and very colorful rugs featured within. After perusing this book you will no longer need a push to start your own. This book features uniquely creative projects, a rare treat in this modern day time of copycat images. Plenty of inspiration here, folks!
