Kally Ellis, Ercole Moroni : "Reader's Digest" Fruit, Vegetables and Berries: Arranger's Guide to Using Dried and Artificial Harvest Produce before purchasing it in order to gage whether or not it would be worth my time, and all praised "Reader's Digest" Fruit, Vegetables and Berries: Arranger's Guide to Using Dried and Artificial Harvest Produce:

2 of 2 people found the following review helpful. A great basic how-to, beautiful photosBy emily xI first saw this book in a London bookstore this summer, and knew I didn't want to pay that price! -- thankfully, I found it here. I'm not a professional flower arranger, but even if I were I think I would find the ideas here very helpful. Not a huge book but full of beautiful color photos and easy-to-follow text. Clear, step-by-step instructions for making lush displays

using natural and artificial materials. Lots of great design ideas and techniques you can use in making your own creations.
