NOT for use in LEARNING resin casting!By JPHWhile this book shows a few methods for creating resin jewelry, it is NOT an instructional manual!If you want to learn how to cast in resin, whether jewelry, or parts for hobbies, or other artistic endeavors, LOOK SOMEWHERE ELSE.If you just want a cursory overview of resin casting, and a bunch of glossy photographs of other peoples work, then by all means, check it out of the library.0 of 0 people found the following review helpful. Good book for learning about resin

jewelry and understanding the ...By Lynne OberGood book for learning about resin jewelry and understanding the breadth of things that a designer can do with resin. It has step by step instructions for those who want to learn how to work with resin. The safety information is especially important for those who want to begin to work with resin to produce their own jewelry. 0 of 0 people found the following review helpful.
