Deanna L. Harrison : Roaring 20's Fashion: Adult Grayscale Coloring Book before purchasing it in order to gage whether or not it would be worth my time, and all praised Roaring 20's Fashion: Adult Grayscale Coloring Book:

0 of 0 people found the following review helpful. Not many pages to color..By LuvChocolate. I would say that many of these pictures are not colorable. Many of the girls are wearing dark or black dresses and accessories so there is nothing to color on them except the girls faces and bodies. In my opinion this book is not worth buying unless you only want to color some of the pages. The price is average, but for the fact that there are not many dresses and such to color it should have been less money.2 of 2 people found the following review helpful. Five StarsBy MckenzieI love the way gals dressed in the 1920's. Another A+ book! I was excited to receive it to try out for free! Great book!!1 of 1 people found the following review helpful. So many different fashions.By Sultan and HersheyLoving this book. Do many elegant photos of a time when ladies were actually ladies! So many different images with fun fringe and fashions of the time. Paper quality is great and can easily hold up to multiple layers of color. Anyone that enjoys

grayscale images will love this book. I was lucky to receive a preview copy of this book to color.

KD Arts Design bring you this wonderful adult grayscale coloring book. It is all about 1920's Fashion. 1920s fashion was the perfect blend between style and function. Beautiful clothes that allowed women to move. No longer were women willing to trade their mobility for the old stodgy customs of the Victorian era. Old-fashioned torture devices like the corset and the crinoline no longer served a purpose for young women who wanted to dance, go to work, hop into cars, and walk around town. This is an amazing book to color! It is a great book for the beginners as well as the more advanced colorist!
