0 of 0 people found the following review helpful. Very disappointing.By gdanmaThis is the same book as ROCKING HORSES The collectors guide to selecting, restoring, and enjoying new and vintage rocking horses By Tony Stevenson and Eva Marsden. Except that they changed maybe 20 words tops buggy instead of pram. Changed the cover, paperback instead of hardcover, low and behold it looks like a different book. One Published in 1993 the other 2002. One would hope for some more information. Instead you get the same layout, same number of pages. Very disappointing. When you look at the paperback vs hardcover on line on the paperback is dated 1999 with a different cover. Very disappointing.

2002, oversize paperback edition, Eagle Editions, U.K. 80 total pages, with photos of rocking horses from the very beginning to the present day.
